

Pool LED lights

Besides the SPECTRAVISION PAR56 lights in synthetic material and the replacement bulbs with a ultra flat design, we are proud to present you the following complete lights:

Spectravisation MOONLIGHT

The new SPECTRAVISION Moonlight is very thin and does not need a niche. This ultra flat pool and spa light is extremely power efficient and has a bulb life of 50.000 hours. There's a colour and a white version. The 16 modes of colours are controlled by the on/of switch or can be served by a remote control. They can be installed with threaded sleeve and tightening nut or in a standard wall conduit (concrete pools). The 12V AC bulb can work with a normal or existing transformer.

Colour lights Range	Power	LEDs	Lumen	Reference
Spectravisation 400	35W	324 LEDs	627 lm	PLS400
Spectravisation 700	50W	531 LEDs	1028 lm	PLS700
Remote for Spectravisation				PLREM
Remote trafo for Spectravisation				PLREM200
White lights Range	Power	LEDs	Lumen	Reference
White 400	35W	324 LEDs	1766 lm	PLW400
White 700	50W	531 LEDs	2921 lm	PLW700

Spectravision ADAGIO

The new patented ADAGIO pool light includes the popular SPECTRAVISION LED technology.

Together with Philips, the industry leader in LED technology, this light has been developed to produce industry leading high light output: the colour model gives more than 3500 lm, the white version disperses more than 8000 lm.

The ADAGIO pool light is amazingly thin, it does not need a niche and is available in two sizes. It can be mounted in a standard inlet fitting. 12 modes of colours are controlled by the remote control or control box.

The colour light can also give white light in 3 tones (warm white, neutral white or sun white).

This ultra flat pool and spa light needs to be connected to the powerbox and is extremely power efficient, it has a bulb life of 50.000 hours.

Colour lights Range	Power	Diameter	Lumen	Reference
Spectravision 600	65W	12 cm	1192 lm	PLS600
Spectravision 1200	100W	21 cm	1788 lm	PLS1200
Spectravision 2400	200W	21 cm	3576 lm	PLS2400
Powerbox	200W	For 2 x PLS600 or 2 x PLS1200 or 1 x PLS2400		PLX1200
Remote control module for powerbox				PLXREM
White lights Range	Power	Diameter	Lumen	Reference
White 600	65W	12 cm	2688 lm	PLW600
White 1200	100W	21 cm	4032 lm	PLW1200
White 2400	200W	21 cm	8064 lm	PLW2400
Powerbox	200W	For 2 x PLW600 or 2 x PLW1200 or 1 x PLW2400		PLX1200

New Heat pump ECO 2010

This new compact design heat pump is amazingly easy to install, use and maintain by the end customer.

The pump has full flow and no bypass is required which makes it extremely efficient. 3 models have been developed for smaller and above ground pools up to 45 m³ (3, 6 and 10 kw). Prices are very competitive.
